TOKEN AND MEDAL Mail Bid Sale # 23 - Closes Mon., Feb. 3, 1986

There is a great variety of material in this sale, with many quality and rare pieces, so check through the listings carefully. I try to feature different and unusual items every sale; the common pieces that pad many token auctions I put into bulk lots. I always need to buy material; let me know what you have for sale.

### MAIL BID SALE RULES & TERMS

1. All bids for this sale must be received no later than the above closing date. All lots sold to the highest bidder. If tie, lot goes to bidder with higher winning dollar total.
2. Minimum bid is 75¢ per lot, unless noted otherwise. Unreasonably low bids may be rejected; unreasonably high bids on common or low value items will be reduced. Bid a definite dollar and cents amount per lot. Estimates when given are generally conservative.
3. Winning bids over \$10 will be reduced to a 20% advance over the next highest bid whenever possible, up to a maximum reduction of 50%. Bids will not be reduced to under \$10 (except possibly when duplicate specimens are available). If duplicates of a lot are sold, the top bidders all get the lot at the same reduced bid.
4. You may phone in your bids (9AM to 10PM my time). Current high bids will not be revealed. Bidding advice will be given within reason. I will let you know if your bids are high or not, and if not, you may raise them, but I won't reveal if you raised them enough to be current high bidder. To find out if you're the highest, you can call back another day to repeat the above procedure (only one call per day) through closing day. Sale ends when 20 minutes goes by without a call after 9PM on closing day.
5. Established bidders will be sent lots with bill and invoice within 2-3 weeks after closing. Others will be billed first. Please pay promptly upon receipt of lots or statement. Postage, insurance, and a 50¢ handling charge will be added to the bill. There is no other buyer fee. Calif. residents must pay sales tax or provide a resale certificate.
6. The Prices Realized list is available for \$1.00, or 50¢ & SASE in advance. Subscription to next 4 sales (catalogues only) is \$4.50. With Prices Realized, \$6.50. (For Canada, \$6.50 and \$8.50; for foreign \$10 and \$13.)
7. Lots may be returned within 5 days of receipt if there is an error in description or material sent. Check your bids for errors and keep a record of your bids. You are responsible for your bidding errors.
8. The lot descriptions generally follow the pattern: Obverse/Reverse; metal, size in mm, condition. See inner back cover for abbreviations used. The illustrations are pencil rubbings or photocopies, and are reduced in size. Cities or states in parenthesis are not on the tokens; objects pictured or comments are also given in parenthesis.

☐

Time to renew your subscription (see #6 above, or below, for rates); not essential in order to receive next sale catalogue, unless box below is also checked.

☒

You are on the verge of being dropped from my mailing list. To continue receiving future mail bid sale catalogues, either subscribe, or be a successful bidder in this sale.

☐

As you have been an inactive subscriber, or bought less than \$15 in auction material over the last four sales, (re)subscription rate is \$8, or \$10 with PRs; \$10 or \$12 for Canada; \$12 or \$15 for foreign.

Assistance needed:

In making the pencil rubbings I use as illustrations in these catalogues, I use a brown colored pencil (Venus Unique # 1212). I cannot find a store that sells this pencil. Please check stores in your area, and if you find it available please let me know. I want to buy a lifetime supply of them. Pencil must be stamped "Venus Unique 1212 Brown"; anything else isn't the same.

Consignments are needed for future sales, as I have nothing on hand now for sale 24. I want to thank all my regular consignors for the better quality material that was submitted for this Sale #23.

## INSURANCE VS. REGISTRATION:

I mail all packages insured (excepting small values under \$5 to \$8) which covers me monetarily in case the package disappears in transit in the postal system. However, the customer loses out in not getting the tokens or medals he wanted and won in the sale. In sale 22, 3 packages disappeared in the mail and one arrived with the tokens missing. I my 22 sales, I probably had about 50 packages lost, stolen or rifled in transit. But not a single problem with Registered Mail. I generally Register packages worth over \$200. However, if you expect to buy less and want to be sure that the tokens you win in the auction don't disappear in the mail, instruct me to ship your material Registered. The extra cost to you will be two or three dollars, not much considering how irreplaceable most rare tokens are.

OLYMPIC BUS TOKEN SETS:

For sale at \$17.50 per cased set, postpaid. (This is at my cost.)

I will trade a set for your older tokens of equivalent value. Please write and propose a trade.
